

Parking Map

This document is a map depicting parking information when visiting Stewart Hall.

Flexible Permit Parking

If you have an Evansdale or HSC parking permit, we recommend parking in Lot 5. Lot 5 is located next to Field Hall at the intersection of University Ave and Falling Run Road. Travel in the direction of Field Hall and follow the sidewalk along University Ave until you reach the Mountainlair Student Union. You can safely cross University Ave at the Mountainlair crosswalk. Stewart Hall is the building to the right of Mountainlair.

Accessible Parking Permit

If you have an accessible parking permit, there are accessible parking spaces available behind Stewart Hall in Lot 25. These spaces can be reached by turning onto College Avenue and then proceeding onto Maiden Lane. Continue on Maiden Lane until you reach North High Street. Turn right onto North High Street and then turn right on Prospect Street. Proceed past the Mountainlair garage and turn right into the parking lot for Stewart Hall.

A ramp is provided on this side of the building. These spaces are also open to visitors without a WVU parking permit so long as you have a state issued handicap placard. These spaces have a 2-hour time limit in addition to the placard requirement. If the spaces are occupied, there are paid parking spaces along Prospect Street using the Park Mobile app. If these spaces are inaccessible to you and you need accessible parking, please contact transportation by calling 304.293.5502.
