Parking Map

This document is a map depicting parking information when visiting Evansdale Library.

Flexible Permit Parking

If you have a Downtown or HSC parking permit, we recommend parking in Lot 46 on the Evansdale Campus. As depicted in this map, Lot 46 is directly across the street from Evandale Library at the intersection of Evansdale Drive and Research Way.

Accessible Parking Permit

If you have an accessible parking permit, there are accessible parking spaces located in lot 44 at Evansdale Library. Continue from Monongahela Boulevard onto Evansdale Drive. Proceed on Evansdale Drive and go straight through the next two stop signs. As you approach the third stop sign, you will turn left and continue straight into lot 44. You will find accessible parking spaces near the library's entrance. These spaces are also open to visitors without a WVU parking permit so long as you have a state issued handicap placard. These spaces have a 2-hour time limit in addition to the placard requirement.

If the spaces are occupied, there are additional spaces in the lower parking lot at the base of the library near the receiving door. The receiving door is not open to the public. For further assistance with directions, parking, and accessibility, please call the Evansdale Library at 304.293.9759.
